Hi, Iam a BSCS student at HITMS with a growing expertise in computer science and a strong commitment to continuous learning. I combine analytical thinking with a practical approach to problem-solving, aiming to develop efficient and innovative solutions. Adaptable and detail-oriented, I am driven to expand my technical capabilities and contribute meaningfully in dynamic environments..

Experience

2023 – 2023

Home Tutor

I have 6 months of experience as a home tutor, where I worked closely with students to support their learning and development. During this time, I enhanced my **communication**, **patience**, and **interpersonal skills**, learning how to adjust my approach to meet individual needs. This role taught me valuable lessons in time management, organization, and creating a positive, engaging learning environment. Beyond teaching, I gained insights into motivating others, problem-solving, and building trust, which strengthened my overall professional and personal growth.
